TEACHING SCHEDULE FOR II MBBS, JULY 2018
DEPARTMENT: PATHOLOGY

Date & day	8.30 – 9.30 :Theory Term, topic, staff	1.30 – 2.30 :Theory Term, topic, staff	2.30 – 4.30 :Practical /tutorials Term, topic
02 Mon	**V Term:** Lung abscess: etiopathogenesis and morphology and complications Pulmonary tuberculosis: Primary and secondary, morphologic types including pleuritis: *Dr Archana Bhat*		
03 Tue		**V Term:** Hormonal influences and histological appearances of different phases of menstrual cycles and the abnormality associated with it: *Dr Mellonie P*	**V Term:** **Batch B1:** TB Lymph node, Wilm's Tumor, Non Hodgkin's Lymphoma, Renal Cell Carcinoma: *Dr Christina* **Batch B2:** Serous Cyst adenoma, Torsion ovary, Dermoid cyst, Mucinous cyst adenoma: *Dr Ashwin* **Batch A:** Tutorials : *Dr Liza*
04 Wed	**V Term:** Concepts of obstructive and restrictive lung disorders – Chronic bronchitis, emphysema, Asthma: *Dr Archana Bhat*		
05 Thu		**V Term:** Diseases of uterus: endometrial hyperplasia and carcinoma, adenomyosis, smooth muscle tumours: *Dr Mellonie P*	**V Term:** **Batch A1:** Fibroadenoma, Medullary Carcinoma, Scirrhous Carcinoma: *Dr Parul* **Batch A2:** Seminoma Testis, SCC Penis, Hydronephrotic Kidney, Chronic Glomeruonephritis, Chronic Pyelonephritis: *Dr Aneeshya* **Batch B:** Tutorials :Dr Sunita
09 Mon	**V Term:** Trophoblastic diseases: hydatiform mole and choriocarcinoma: *Dr Mellonie P*		

10 Tue		**V Term:** Emphysema: Type and pathogenesis: *Dr Archana Bhat*	**V Term:** **Batch B1:** Meningitis, Follicular Ca Thyroid, Papillary Carcinoma Thyroid, Neurofibroma, Schwannoma, Multi Nodular Goitre: *Dr LIza* **Batch B2:** Fibroadenoma, Medullary Carcinoma, Scirrhous Carcinoma: *Dr Christina* **Batch A:** Tutorials : *Dr Ashwin*
11 Wed	**V Term:** Ovarian tumors: *Dr Mellonie P*		
12 Thu		**V Term:** Occupational lung disorders: anthracosis, Silicosis, asbestosis, mesothelioma: *Dr Archana Bhat*	**V Term:** **Batch A1** Seminoma Testis, SCC Penis, Hydronephrotic Kidney, Chronic Glomeruonephritis, Chronic Pyelonephritis: *Dr Aneeshya* **Batch A2:** Fibroadenoma, Medullary Carcinoma, Scirrhous Carcinoma: *Dr Parul* **Batch B:** Tutorials: *Dr Aneeshya*
16 Mon	**V Term:** Tumors: Epithelial Malignant Neoplasms of Lung, Etiopathogenesis: *Dr Archana Bhat*		
17 Tue		**V Term:** Pelvic inflammatory disease including salphingitis, Genital tuberculosis: *Dr Mellonie P*	**V Term:** **Batch B1:** Cytology slides and charts: *Dr Ashwin* **Batch B2:** Seminoma Testis, SCC Penis, Hydronephrotic Kidney, Chronic Glomeruonephritis, Chronic Pyelonephritis: *Dr Liza* **Batch A:** Tutorials: *Dr Christina*
18 Wed	**V Term:** Nasopharyngeal and laryngeal tumors Atelectasis and hyaline membrane disease: *Dr Archana Bhat*		
19 Thu		**V Term:** Diseases of breast : mastitis, abscess, fibrocystic disease: *Dr Mellonie P*	**V Term:** **Batch A1:** TB Lymph node, Wilm's Tumor, Non Hodgkin's Lymphoma, Renal Cell Carcinoma: *Dr Parul* **Batch A2 :** Osteogenic Sarcoma Sequestrum, Osteoclastoma: *Dr Aneeshya*

			Batch B: Tutorials: *Dr Sunita*
23 Mon	**V Term:** Neoplastic lesions, fibroadenoma, carcinoma, phyllodes tumors: *Dr Mellonie P*		
24 Tue		**V Term:** Osteopathology: Osteomyelities: acute, chronic, tuberculosis: *Dr Hilda Fernandes*	**V Term:** **Batch B1:** Instruments – Revision: *Dr Christina* **Batch B2:** TB Lymph node, Wilm's Tumor, Non Hodgkin's Lymphoma, Renal Cell Carcinoma: *Dr Ashwin* **Batch A:** Tutorials: *Dr Liza*
25 Wed	**V Term: Endocrine pathology:** Diabetes mellitus: types, pathogenesis, pathology: *Dr Nisha J Marla*		
26 Thu		**V Term:** Metabolic diseases: rickets/osteomalacia, osteoporosis, hyper parathyroidism: *Dr Hilda Fernandes*	**V Term:** **Batch A1:** Osteogenic Sarcoma Sequestrum, Osteoclastoma: *Dr Aneeshya* **Batch A2:** TB Lymph node, Wilm's Tumor, Non Hodgkin's Lymphoma, Renal Cell Carcinoma: *Dr Parul* **Batch B:** Tutorials: *Dr Sunita*
30 Mon	**V Term:** Tumors: primary, osteosarcoma, osteoclastoma, Ewing's sarcoma, chondro sarcoma, metastatic: *Dr Hilda Fernandes*		
31 Tue		**V Term:** Non neoplastic lesion of thyroid: Iodine deficiency goiter, autoimmune thyroiditis, thyrotoxicosis, myxoedenoma: *Dr Nisha J Marla*	**V Term:** **Batch B1:** OSPE (Compare & Contrast): *Dr Jofy* **Batch B2:** Osteogenic Sarcoma Sequestrum, Osteoclastoma: *Dr Christina* **Batch A:** Tutorials: *Dr Liza*

Date: 28.07.2018

Dr Jayaprakash CS
Professor and Head
