capacity building (>3 years) could be considered with the help of adjunct faculty. Alumni resources also can be considered seriously for this purpose.

- Research grants also need to be considered as a serious issue as the number is very low. Internal as well as external funding must be promoted. Collaborative research with FMMC or any engineering college also would be useful for developing various instruments.
- Various deficiencies perceived or mentioned in the report must be dealt as priority and necessary actions needed must be taken.
- Prepare an internal SOP for each metric for better implementation
- SOP for international exchange of students and faculty must be prepared and initiated
- Alumni network need to be made stronger and they must be involved in more activities such as interaction with students or participation in research activities.
- External postings can be restarted as it was mentioned by assessors
- Publications in indexed journal must be made mandatory for faculty
- Course outcome and program outcome mapping must be done
- Automation of resources can be considered
- Campus interviews must be encouraged

The meeting adjourned at 12.15 pm
