- The feedback collected could be communicated to apex bodies like Rajiv Gandhi University of health sciences and a document could be maintained in the file.
- There was a huge difference in the sanctioned and utilized budget for the institutions which could be clarified.
- The group appreciated the effort taken by the institutions to conduct health awareness programs and suggested to have more radio programs both in local as well national radio.
- Vacancies not filled could be explained with reasons or INC requirements.
- More value added and add-on programs could be initiated like palliative nursing, geriatric nursing, dementia care etc.
- Awards and recognitions at national level only is considered, hence others could be avoided.
- All health camps could be clubbed together and society could be added as a beneficiary for the same.
- The members appreciated the efforts taken to improve the number of publications in indexed journals.
- For criteria 2 all open educational resources and online platforms faculty or students are using including webinars could be considered under ICT facility.
- Future plans could be enhanced to make it more interesting.
